

The Trac About *IRV2000*

Where would you like to go today?

"I have been in many power chairs over the past twenty years, and none have taken me half the places that my Trac About has."

*-Russ Goodman,
Annville, PA*

- The *IRV2000* maneuvers easily through sand, mud, snow, a 30" door and up a 36% grade.
- The *IRV2000* is a personal mobility vehicle designed with tracks to provide superior stability and traction.
- The *IRV2000* will also work in your home.
- The *IRV2000* has the unique ability to change the track position from "flat track" to "3-point" surface contact.
- The *IRV2000* is the best All-terrain power chair in the world!

Don't get stuck with the wrong chair!

With the *IRV2000* from Trac About, Inc., you CAN...go there!
